

HOW TO FOLD YOUR POCKET SOLE NOTEBOOK

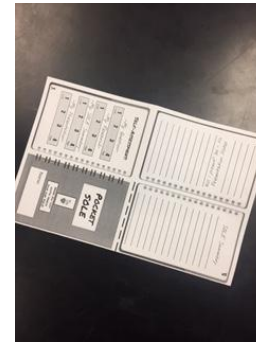

Step #1
Lay paper out horizontally in front of you.

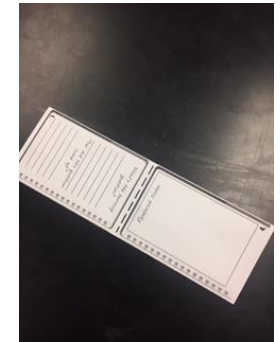

Step #2
Precisely make a horizontal fold, halving the paper.

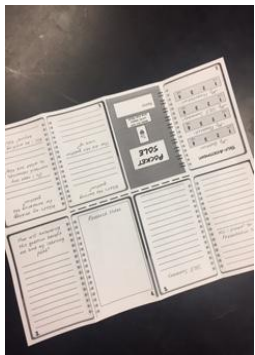

Step #3
Open the paper back up, keeping the horizontal orientation.

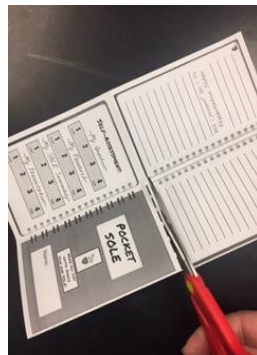

Step #4
Precisely make a vertical fold, halving the paper.

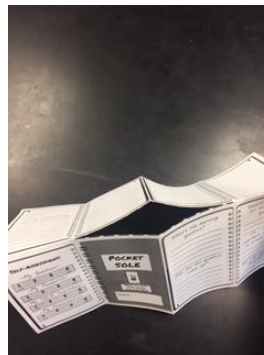

Step #5
Without unfolding, precisely make another vertical fold - quartering the paper.

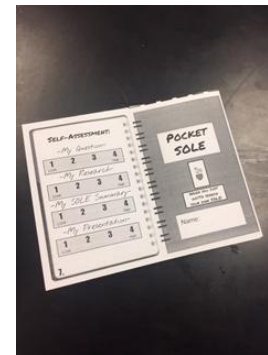

Step #6
Open the paper back up, keeping the horizontal orientation.

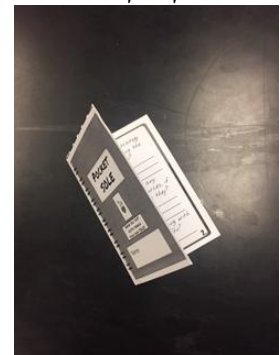

Step #7
Fold the paper in half again, this time cutting the paper along ONLY the dashed line.

Step #8
Open the paper back up, then fold again horizontally.

Step #9
Keeping the horizontal fold, fold in half again, like a book.

Step #10
Fold one more time, making the final SOLE Pocketbook.

POCKET SOLE

WHEN YOU JUST
GOTTA SEARCH
YOUR OWN SOLE!

Name:

What's the burning
question?

How did this question
come up?

What's my strategy
for answering the
question?

Do I need any
non-tech resources, if
so, what are they?

Will I be working with
anyone? Who?
